

**ROUND 2 INTERVIEW: BILLY ANDRADE**  
**May 20, 2016**

**BILLY ANDRADE:** I still think you're GOING to have to shoot some low scores here this weekend to have a chance, so just take one day at a time.

**Q. You've been scoring probably the most consistently of all the guys who are on top of the leaderboard right now. What's been the key in that regard?**

**BILLY ANDRADE:** I've just been driving it well, I'm hitting greens, I'm not getting myself in too much trouble and I've been putting okay. This week I feel like I've been putting okay. I haven't really gone crazy making everything but I'm close. So that's all you can do is just keep giving yourself chances. And I like this golf course. It kind of fits my style and I knew that going in. Some guys told me that this would be a good course for me so I'm looking forward to the next couple days.

**Q. It's new for a lot of you guys. Do you think the leaders are kind of getting used to it or still learning it?**

**BILLY ANDRADE:** Well, I think you're still going to learn. I think it gives guys like myself chances, better chances. Guys that are younger, the new guys that when you go into tournaments where Bernhard and all the best players have been there, have played a lot of rounds, competitive rounds on golf courses, then you're a little bit at a disadvantage and you really have to play great to beat them. A place like here where not too many guys have played it before, it gives everybody a chance and that's good. That's good for me. I still think we're all learning the golf course. There were a couple tees today that were up. Do you go for it on the second par 5 on the front? You're like, man, I really wouldn't mind hitting driver here but I've never hit driver from this tee and I know there's a creek down the right side. Is it a smart play? And I ended up not doing it. But I think we're all still learning the course, and with the conditions today it was different than yesterday, and I guess this weekend it's going to firm up and it should be a great finish. It should be awesome.

**Q. How long should it take normally a player to feel comfortable on a course?**

**BILLY ANDRADE:** You know, it depends on who the player is. If he's not a very smart guy...

**Q. Well, you know what I mean.**

**BILLY ANDRADE:** No, I think a few competitive rounds I think you get under your belt you kind of feel a little more comfortable on some tee shots and some shots into the greens. You really, you know, it's all about educating yourself and thinking and remembering shots and hopefully it helps you this weekend.
