

FINAL ROUND INTERVIEW:
October 16, 2016

JOHNSON WAGNER

Q. Overall I know disappointing, but thoughts on the week and the day and a good start to the season?

JOHNSON WAGNER: It was a good start to the season. I had a lot of good looks on the back nine, I just didn't have quite enough pace on the putts and they were just kind of breaking off around the holes. It was a great start to the year, it was a great week. Given the weather that we had, wouldn't say this golf course fit into my mold and I'm pretty happy with where I finished, but at the same time disappointed to feel like I let one get away.

Q. With letting one get away though, how difficult was it with the weather being on the golf course, off the golf course.

JOHNSON WAGNER: Yeah, it was challenging. I don't play well off of weather delays. It generally takes me a while to get going again. But I held it together and first event of the year, something to build on and hopefully keep finding myself in this position.

Q. Thoughts on Brendan's play today, 65 to close, tied the round of the day.

JOHNSON WAGNER: Where did he finish?

Q. He won, Brendan Steele.

JOHNSON WAGNER: Oh, I thought you meant Brendon de Jonge, my roommate. Yeah, it was a heck of a round, it was definitely out there. Playing in that group, there was a lot of nerves going on. 65's a heck of a round. Second win for him so that's exciting.

Q. What did you work on in the offseason and what did you feel like was really working for you this week?

JOHNSON WAGNER: I worked hard on my tennis game this offseason, which has been really nice. Just doing the same stuff, just releasing the club, compressing the golf ball.
