

**Q. Excellent play today, just get some comments?**

**GREG CHALMERS:** I think I was really fortunate today that first group out off 10, greens are perfect. I birdied 11, holed about a 20-footer there. Then birdied the next from about eight feet, then birdied the par 5, too, from about 18 feet. So I holed some nice putts coming out of the gate, gave me a little confidence.

I think probably the key point to the round was right around 17, 18. I bogeyed 17, and then on 18 I holed a 15-footer for par which kind of kept my momentum going, had my 2 under for the day. And then I hit some really nice shots and made some really good putts on the back nine and turned into 7 under, so really happy.

**Q. What's your mindset when you get up today because, you know, you're the second group to go off No. 10 so it's not like you were an afterthought, but you were pretty far down the leaderboard. Are you just trying to go as low as you can and don't even look at the scoreboard, it will take care of itself?**

**GREG CHALMERS:** Yeah, correct, there's no point looking at the scoreboard, I'm running next to last. So the only upside for me on my score coming in today, yeah, you can be more aggressive and see if you can do what I did today, which was hey, if you feel good and you start to make a few putts and you ride that wave and see if you can't turn a 3 or 4 under into a 6 or 7 under.

**Q. When you start getting to 5, 6 under for the round, do you start looking like where am I standing in the tournament right now?**

**GREG CHALMERS:** I had no clue until I saw I was tied 8th like I think on the third-last hole, the par 3, the 7th. I was tied 8 for the tournament, but I had no idea there were seven guys tied for the lead. I thought, oh, this is great, I'm doing good, just keep playing.

So I birdied the next one. I saw I was tied for the lead, I said what happened, you know? But there's a lot of good guys tied up there at the top at the moment and they'll keep moving forward, I'm sure, but I'm in a good spot for tomorrow.

**Q. Yeah, you've got to be feeling really good for tomorrow after what you did today?**

**GREG CHALMERS:** Absolutely. So I think a little later tee time, I think we go back to twosomes tomorrow, is that right? So a little later tee time, sleep in and get out and see if I can play some good golf again.
