

**ROUND 3 INTERVIEW**  
**August 19, 2018**

**BRANDT SNEDEKER (-16)**

---

**Q. Brandt, how was it getting up this morning and coming out to finish?**

**BRANDT SNEDEKER:** Yeah, you know, I got off to a great start, almost holed out the first hole. Really thought I could kind of go low from there, had some good opportunities. I made one bad mistake, I misclubbed on 12 and hit it where you can't hit and made bogey there. Besides that, a bunch of good looks, putts just running around the edges it seemed like. Of course you're going to have that. I can't sit here and complain about making putts, I made a lot of first couple days. So hopefully I saved some for this afternoon.

**Q. Talk about the condition of the golf course compared to Thursday. Where is it now?**

**BRANDT SNEDEKER:** Yeah, it's still a little soft, the rough is brutal. If you hit in the rough when it's wet, you aren't going to be able to do much with it. So this afternoon it will be playing, greens are soft, make some birdies. I kind of had the opportunity today to give myself a cushion and I kind of failed. So it's going to be a shootout. Somebody's going to shoot low. Somebody's going to come out here and probably post 20, so I know I've got to do that, I've got to make some birdies.

**Q. You certainly do, but you have three hours or so between now and then. What do you do?**

**BRANDT SNEDEKER:** Yeah, just try to reset. Really go in there and try to put my feet up a little bit, get some rest, make sure I'm hydrated and then reset. This is a new round. This last one's over with. Realize I'm going to go out there and hit some fairways, make some putts, put the ball in play off the tee and trust my wedge game, the putter, the best part of my game.
