

ROUND 2 INTERVIEW
October 5, 2018

KEVIN TWAY (-9)

Q. Inward nine for you bogey free, 4 under on your inward nine including birdies on the last three holes.

KEVIN TWAY: Yeah, I birdied the last three yesterday, too. So, I don't know, ate a little more and played good at the end both times, so that's always nice.

Q. Really nice ball-striking round for you, you hit 16 of 18 greens.

KEVIN TWAY: Yeah, I'm hitting my irons really well, so basically trying to get the ball in the fairway, which sometimes is hard for me, but maybe hitting a little less club off the tee, just making sure I'm in the short grass.

Q. What are some holes that we should be aware of as the afternoon unfolds? I guess that par 3 second hole is difficult today at 247 uphill.

KEVIN TWAY: Yeah, that hole's hard, especially when it was cold this morning. I think I hit 2-iron and I don't hit many 2-irons on par 3s. Yeah, that hole's tough. If the greens firm up, a couple of pins could be pretty tough, but there's no wind, so it should be pretty good scoring.

Q. You got yourself in contention a lot last year.

KEVIN TWAY: Yeah.

Q. How much confidence has that given you coming into this season, and are you anticipating a victory or what are your goals?

KEVIN TWAY: Yeah, the last couple years I basically went out there just to play well, make cuts, keep my card, and now I'm to the point to where I feel like my game's good enough to win. So each week I'm trying to go out and put myself in position to win. I got there a few times last year, I didn't ever have good Sundays but learned some stuff from it. So if you keep getting there, eventually you'll probably figure it out, so just trying to get back in that position.

Q. What sort of things did you learn on those Sundays when you struggled?

KEVIN TWAY: Getting real impatient, probably didn't eat enough, a lot of pressure thinking about outcomes while you're out there instead of just trying to do what I did the first two days. Swing gets a little more quick, just everything is magnified a little bit.

Q. So are you putting things into place to process and improve those things? Have you been working with certain people to do that?

KEVIN TWAY: Yeah, absolutely, just get my swing a little more consistent. Basically, it's more of a comfortable level for me. If I feel comfortable, I usually hit it pretty good. So just trying to get my setup to where I feel good, hit the club that I feel most comfortable with. Usually I don't hit any bad shots if I'm comfortable with the shot.
