

ROUND 1 INTERVIEW
11 October 2018

BYEONGHUN AN (-6)

Q. How satisfying was that?

BYEONGHUN AN: It was good. I had some bogeys, I hit it in the water on No. 9 and made a bogey on 10, but other than that my putting was good, I made some good putts and overall it was okay.

Q. Just talk about the nice start, a little bit of a slipup in the middle, but strong finish, that would have been really pleasing for you, right?

BYEONGHUN AN: Yeah, definitely. I mean, I was hitting okay on the front nine and then (inaudible) the best, but I made some good putts and then the birdies on the par 5s helped. I'm really pleased with how I finished, making putts on the back nine.

Q. How is the golf course now with the new grass versus how it was last year?

BYEONGHUN AN: Yeah, I played it two years ago. Last time I played it two years ago, I remember it was really soft and the fairways weren't rolling out much and the greens were quite soft. This year it's completely different, fairways are rolling out and I think most of the players prefer this better than two years ago. It's been playing pretty pure, the greens are pretty quick, so it's good to see.
