---

**Q. Three birdies, no bogeys. Happy, not happy?**

**KIRADECH APHIBARNRAT:** This course, there's a lot of birdies out there and I just can't roll the putt, I can't make the score. Iron isn't sharp as I used to do in last couple months. Quite slow. I tried to just calm and play shot by shot, control myself. But at the end of the day it doesn't mean the worst score, but I just feel like I can do much better than this.

**Q. What needs to get better with the irons and the putter?**

**KIRADECH APHIBARNRAT:** Well, the distance was good, just the ball doesn't went where I want. Sometimes it went opposite way. Many good putt today doesn't drop, keep lipping out at least like four holes. I thought I make it, but not the worst days.

**Q. Will you try to put in some work on the practice putting green later?**

**KIRADECH APHIBARNRAT:** No. I think this week is a little bit is all about energy manage, you know. I think I have to keep my energy for next two rounds. This golf course can come up like Sharma today, can be 8, 9 under. Have to get out to really good start and keep confident and then go for the low score.
