

JOEL DAHMEN (-10)

Q. Joel, just talk us through that 4-under round today. Were you pleased with that?

JOEL DAHMEN: I am not displeased. Bogeying the last always stinks. I hit a bad chip on the last, but just played steady. I birdied some of the par 5s and I think I made one long putt today. So yeah, it was solid, it was fine.

Q. A lot of overnight rain, about four inches of rain, but how was the course playing compared to yesterday?

JOEL DAHMEN: Very similar. I didn't realize we actually got that much rain, you couldn't really tell. I was really impressed, it drained really well. The greens were still pretty firm, they still had some bounce to them and I didn't have one single mud ball out there. For that much rain, to be playing almost similar is absolutely awesome.

Q. Just three shots off the lead right now. Happy to be going to the weekend in that position?

JOEL DAHMEN: Yeah, certainly. I haven't been there too often in my career. I've been trending that way, especially over the last summer and the last through, four months. So yeah, looking forward to the weekend. Hopefully, we can keep making some birdies and we'll see what happens.

Q. An early finish here right now. Are you going to do some work or call it a day?

JOEL DAHMEN: There's no work out here in this sun. We're going to go try not to sleep, that's the big thing with the jet lag. I may get a massage, eat some really good food and just kind of hang out.

Q. Happy with where your game is right now?

JOEL DAHMEN: Yeah. I mean, for not playing for a while and having like a month off, I'm pretty excited where I am. Hopefully, we can keep it going.
