

COLLIN MORIKAWA
MATTHEW WOLFF

Q. You guys know each other very well obviously, a little friendly rivalry back and forth. Looked fun watching it. What was it like inside the ropes today?

MATTHEW WOLFF: Yeah, it's always a lot of fun playing with Collin. Like I said, we've played together since high school. There's a level of comfort out there and I think when we play together it kind of comes out. Obviously he's been really hot and we both got a win now, so it's kind of just awesome battling back and forth. And to be out here with him and play with him today is pretty special.

COLLIN MORIKAWA: I think we're just able to feed off each other. Even though it's an individual sport, we know each other's games, we've seen each other play a million times, and there is a comfort level out there and I think that just makes it easier. We're not going to always be paired together, but it is fun and we played pretty well today.

Q. You guys made a huge splash at the 3M obviously going head to head. You got the best of Collin there. Collin, you get your first victory last week at the Barracuda Championship. With how sudden this has happened for just one guy to get a win that quickly would be an amazing thing. To have both of you do it, has it surprised you how quick the impact has been on the PGA TOUR to get victories that quickly?

COLLIN MORIKAWA: Yeah, no, I've said it since day one, we believe in ourselves and that's where it's going to start. We believe that we can do it. Obviously it's a whole other level out here, a bunch of guys that we've seen play but we've never played against them. So to finally get these starts, I think we just wanted to take these opportunities and make the most out of them. We're still learning. We're only seven, six, five events in, so it's a great experience out here.

MATTHEW WOLFF: Yeah, it's a dream come true coming out here and being able to play with the guys that we watched growing up. It's really special, and to share it with Collin, it's been awesome. It's the belief in your confidence, not only when I win but I'm sure -- obviously I hate to win against Collin at the 3M, but I'm sure him playing so well and knowing that I can win out here gave him a lot of confidence and vice versa. He came out here having a bunch of top-10s and I saw that and gave me a lot of confidence because I knew that I could play with him and he could play with the best in the world. I felt like I could do that. Like you said, kind of feed off each other.
