

**ROUND 4 INTERVIEW**  
**August 16, 2020**

**JIM HERMAN (-21)**

---

**Q. Jim, congratulations on the win, 61-63 on the weekend. Just describe the elation and the emotions that you're feeling right now.**

**JIM HERMAN:** Yeah, goodness gracious. Obviously you don't expect 61 or 63 on a regular basis, but when you need it, there was nowhere else to go but deep. You weren't going to be able to just get around 18, 4 under wasn't going to do it today. So 61 was great yesterday to get me back in the picture. Low weekends -- the rain obviously helped out for scoring, you could fire at most pins. And the greens were perfect, they're perfect here every year and maybe they just took a little bit of the -- they were still super, super fast, but when they get firm and fast, that definitely would be a difference.

Yeah, 61-63, some of the best golf I've ever played. Best golf I've played in my life obviously. Last summer was pretty close, but these two rounds, pretty special.

**Q. You talked to George a little bit about this, you're kind of a late bloomer, adding to your win totals the last two years. How do you kind of just describe the fact that, you know, in the part of the career you're in, you're adding to your win totals still?**

**JIM HERMAN:** I mean, this is a young man's game now. Outside of a few wins by the old guys in their 40s, it's a young man's game, so it's nice to compete and show you can do it. Last summer, opposite field event, you hear that a little bit, "You won opposite field." So I didn't think that one bit. Win No. 2 was fantastic and obviously to do it again. I'll be 43 in November. You know, 42, 43, they're all running together now. I don't even know what to say anymore other than you've got to be mentally stronger Thursday or Friday every week, you've got to play like everything's on the line or you're in the mix all the time.

**Q. Talk about the fact that your last two wins last year, Barbasol and this year have kind of come off of when you've had some poor streaks prior?**

**JIM HERMAN:** In golf, you're as good as your last round sometimes. It's easy to forget some of those poor rounds or poor finishes. And I never felt like I was that far off. I wasn't shooting in the 80s or high 70s, maybe not too much. You know, it's just a string of few birdies together and you get your confidence going and you never know what can happen.
