

**TALOR GOOCH (-9)**

---

**Q. Talor, just how would you assess your round today?**

**TALOR GOOCH:** It was bogey free. I mean, that's always good. Anytime you can be bogey free on the PGA TOUR, you've done something good. And I was able to throw a few birdies in and an eagle in on the 18th hole, which always propels you to some good golf, so it was solid today.

**Q. What was working so well for you today? Was there one part of your game or was it all facets?**

**TALOR GOOCH:** Everything was good. I was making putts. The few kind of midrange par putts I had, I converted those, which is big for momentum. But I hit a bunch of fairways and for me out here I think getting in the fairway's going to be crucial. Hit a bunch of fairways today and that gave me a good chance to be a little more aggressive on my approach shots and get some birdies to go in.

**Q. What have you learned these first two days about Shadow Creek that will help the last 36 holes here?**

**TALOR GOOCH:** You know, I'll be curious to see how it plays this weekend. There were some spots today it got a little firmer around the greens. I don't know if that will be the case this weekend, but again, I think today and tomorrow the biggest difference was fairways for me. To my point just before, if I can get a lot of balls in the fairways, I think that's going to really help me on the weekend.

**Q. What have you learned about your game in particular as you've gotten yourself into contention a little bit more on the PGA TOUR that could help this weekend to keep yourself in contention and possibly pick up that first win?**

**TALOR GOOCH:** You know, I've been able to get in contention when I haven't had my A stuff, which that's confidence boosting. There's times you feel that guys are so good out here that you have to be on top of it in every area, you have to be flawless. I've been able to get into contention without being flawless and without having my A stuff. For me, that tells me when I get in this position, I don't have to be flawless, I don't have to be perfect. So it's just experience. I've been in this position a little bit and the more I can get in it, the more comfortable I'm going to continue to become.

**Q. Do you feel like you've had your A stuff the first two days?**

**TALOR GOOCH:** I had my A stuff today. Yesterday was not my A stuff. I scrapped it around yesterday and had a good practice session afterwards and today was solid. You never can complain, but I could have gotten a few more out of it today, but it was a great day.
