

ZACH JOHNSON (-9)

Q. Zach, just -- this will be an obvious answer, but the difference between the conditions yesterday and --

ZACH JOHNSON: Warmth and humidity. You know, the wind was obviously not quite as significant, but it was -- I mean, it was still over a club of wind. If you were (inaudible). So there was some similarities there, but the sun's out, the temperature's got to be over 70 degrees and there's some humidity here, so much more pleasant.

Q. Yesterday you said you played terrific. What did you feel about your performance today?

ZACH JOHNSON: I played fine today, I played good. I gave myself many opportunities, made a few putts, missed a few putts, but had a few mud balls that were costly. I'm assuming everybody can probably say that.

But, you know, I just never got ahead of myself, just kind of stayed right there and kept the course in front of me, that kind of thing. A little frustrated with my 18th hole -- the 18th hole, misjudged the pitch.

Yeah, it's good. A lot of positives. Hopefully I can just keep pace and give me self an opportunity this week.

Q. Plantation was still tricky, so it must feel good to (inaudible) --

ZACH JOHNSON: Yeah. I mean, the redo there was spectacular. Davis' staff did a phenomenal job. It was always pretty good, it's just gotten a lot better. It's a nice complement to Seaside, and different, which is great. It's got some old-school characteristics with some modern (inaudible). But it's all you need, it's all you want. That's what Sea Island's about, man. We've got awesome facilities.

Q. I found myself regretting today that there are no fans because I said to you yesterday it hasn't been too many years where a bunch of you guys that live here have been up on the leaderboard, and there are a few of you.

ZACH JOHNSON: Oh, good. I didn't look at the board, but that's great. I mean, I hope so. I had a few, though. I had my RSM family out there, some of the executives that are here entertaining and doing the best they can with what they have, so that was nice.

Had my nanna out there, she's arguably my biggest fan, so I felt a little bit of clapping. It was

periodic.

But it's different. I wish we could get the whole community out here because they love it and they embrace it and that's the beauty of St. Simons and Sea Island, they love to witness good golf.

Q. Bragging rights maybe for one of you guys. What would it mean to the community and maybe one of you guys for bragging rights if you were to take home the trophy?

ZACH JOHNSON: I think the beauty of the individuals here, there's not a whole lot of bragging going on because they know that the moment they start bragging that someone's going to get on them. In a moment, it can go south.

I would say Davis probably has the last word in all of that anyway. I mean, you're not going to hear a guy like him say anything. If I cannot win, I hope somebody here locally does because it would be special for this community certainly, and obviously for having RSM and Davis Love's foundation here it would be fantastic.
