

ROUND 3 INTERVIEW
February 21, 2021

SAM BURNS (-9)

Q. How do you feel about your game after playing those five holes?

SAM BURNS: Yeah, I think it's pretty similar to what we had the other day. I teed off at 6:40 the other day, so this was a little bit later. Yeah, 4:00 a.m. wake-up and get out here and get going. Even this morning the golf course was playing hard. The wind wasn't down much, it's still blowing every bit of 15. Yeah, I think just to grind it out there at the end and see what happens the rest of the day.

Q. How are you filling your time before you tee off next?

SAM BURNS: Probably going to have some breakfast here in a little bit and probably see my physio and kind of warm up again and get back to the golf.

Q. Any key that you're taking with you into the round later today?

SAM BURNS: I think just the way we hung in there the last five holes. I mean, I was proud the way that we just kept fighting and I think that's going to be something you have to do around this place the rest of the day.

Q. Obviously it's a long day, you've already played in the morning. You'll have this wait, then 18 holes of golf, currently leading the golf tournament. How do you maintain your mental strength and your energy for that?

SAM BURNS: I think for the next whatever hour, hour and a half I have until I get back out here, just kind of get away from it, get away from the golf and just kind of chill and hang out. Then when it's time, we'll put it back on and get after it.
