

**ROUND 2 INTERVIEW**  
**June 12, 2021**

**ANDY NORTH (+9)**

---

**Q. Andy, Round 2 in the books. Your thoughts on the day?**

**ANDY NORTH:** Yeah, I wasn't very good today but I was a little bit better. Started out, hit some crummy shots, couldn't get my back to work. Had my daughter work on it again in the middle of the round and I actually played the last 12 holes a lot better. I think I played the last 12 1 under, so it was a little bit closer to knowing what you're doing, but it was kind of fake. Not a lot of great shots, but just kind of got it around. You know, a little disappointed how I started the day, but I was happy the way I kind of held it together and finished it up.

**Q. I saw you walking early in the round. Did you walk all 18?**

**ANDY NORTH:** I ended up walking the whole way. Yesterday all the -- every time the cart bounced it was just terrible. Today was a little bit better, but I've done this walking part for a while, so I don't know how good that's going to be, either. But, you know, I felt like that maybe helped my back a little bit not bouncing around in the cart.

**Q. Jay Haas shot 67 today. Might have that in you tomorrow?**

**ANDY NORTH:** Who did?

**Q. Jay Haas.**

**ANDY NORTH:** Nice. I played with him yesterday. He played really, really nicely. That's really cool. Yeah, to do it, 67, he's right in the middle of this thing, 7 or 8 under or something?

**Q. Yeah.**

**ANDY NORTH:** Good for him. That's cool. If I can get off to a halfway decent start and not stumble around and get 3 or 4 over after three or four holes, that would be nice. You know, just to try to keep putting it on the clubface and try to get it around, add it up at the end, hopefully it will be a decent score.

**Q. (No microphone.)**

**ANDY NORTH:** It's fun being here, it's fun trying to do this. I wish I (inaudible) a little bit better obviously because I feel like I can still hit some shots and still putt okay and do the things you need to do if you just get through 18 holes. Maybe tomorrow.

**Q. (Question about grandkids.) They haven't had a chance to see you playing in a long time?**

**ANDY NORTH:** Yeah, that's always nice. People have been really nice going around. I think they appreciate the fact that I'm at least trying to do this. Maybe not the quality of shots that are being hit, but it's fun to do this. I know Steve and Jerry were excited to have me do it and that's neat. Means an awful lot that way.
