

SHANE BERTSCH (+1)

Q. You've got to be pleased, especially the way you finished.

SHANE BERTSCH: Yeah, it was a good finish. It was in a day that I was in a position that I really just needed to go low, go for broke. It didn't quite happen, made a couple too many bogeys, didn't make enough putts, but saved a little face at the end. But I really like the course and looking forward to coming back next year.

Q. How 'bout the galleries and the whole tournament?

SHANE BERTSCH: It was excellent. I mean, it was excellent. I can't think of one better this year as far as full support from Thursday all the way through. Starting in that pro-am day Thursday, there was, I don't know how many people out here, but seems like thousands. It was tough to navigate, I'm on a cart right now, it was tough to get around, but besides that it was great to see all the people.

Q. And the greens itself?

SHANE BERTSCH: Excellent. Tough, though. They're in very good shape, but they're tough.

Q. I've got to ask you, you do this clinic and you give instructions to Daniel, who's with you the whole tournament, but Daniel, what'd you think?

SHANE BERTSCH: Oh, it was awesome to see him come out. See, that's what all those programs are about is get the kids involved in it. I think he was already really in love with the game, I think, but now this week hopefully it inspired him to come out more. His mom said they might even think about -- because he's in The First Tee program -- trying to maybe eventually get to Pebble and play with me at Pebble because we play there in two weeks. He wouldn't be able to do it this year, but maybe next year or down the road because it's kids, it's a First Tee kid with a pro. So we'll see, maybe it will work out.

Q. Let's face it, 12-year-olds, five-hour, heat, walking 7,000 yards, man, he was your most loyal fan.

SHANE BERTSCH: Oh, yeah. Well, he was. I have to say my wife was probably the most loyal, she walked every single round pretty much no matter what the heat or whatever, but Danny, he made his mom go, so hopefully she had a good time. I think she did. They were real nice people.

Q. Final thought, what would it mean to you if like seven years from now you're turning on an ESPN event and they have the NCAA golf and all of a sudden you see your guy Daniel?

SHANE BERTSCH: It'd be awesome, it'd be cool. I'm rooting for him. I just want him to love the game and have something to do and keep himself occupied. That's what as kids, if we got a game like golf can really keep you involved for hours and hours and days and days. It's just a great sport.
