

JERRY KELLY (-9)

Q. Can you tell us a little bit about what happened between yesterday's round and today's round?

JERRY KELLY: My coach is here luckily. We put in some good work yesterday afternoon after I finished and, you know, it helped a lot. We had to continue working this morning and I still had some loose shots in there a couple times, but overall it was much better than yesterday. Just need to keep making putts out here, giving yourself chances because you can have a lot of them.

Q. Who's your coach and what did you work on?

JERRY KELLY: Jim Schuman. Trying would work on not being such a spastic, you know, basically. I just, I was coming out of posture, I was sliding in front of it. I didn't get in posture to begin with, I was standing up. Luckily I saw it this morning while I was working out before we played, so I could see exactly how I was starting and there's no way for me to put the swing on it that he wanted me to. He reiterated that this morning when I saw him, so that was good.

Q. I feel like in the past coming into this tournament you've maybe been coming off an injury or something. How's your physical fitness?

JERRY KELLY: That's my favorite thing right now is that I am healthy. I feel really good. I could say that a few times in this six years that I've been out here, but it's been more of the injury than the other, just like everybody has to deal with at this stage. So I feel great right now and hopefully it lasts a long time would.

Q. You've talked in the past about sort of having to deal with the responsibilities of this week and balancing that with the golf. Have you kind of figured out how to do that a little bit better?

JERRY KELLY: I actually kind of like that. I mean, I really have been hurt most of the time coming in here, so it's kind of been Band-Aids on top of Band-Aids, but I feel really good. I love what I do for this company and for this tournament, so it shouldn't take away from my game, it should only add to it, so it's been fun.

Q. The position you were in on the fairway there on 18, were you thinking birdie from that spot?

JERRY KELLY: I thought when the ball was in the air, until the ball landed, I was thinking

birdie or eagle. It was tracking right on the hole and it just came up short. I couldn't believe how long that played.

Q. The wind, that would --

JERRY KELLY: That would be the wind. I had a 207 shot that I had to play 227. It still wasn't enough.

Q. What club did you use on that one?

JERRY KELLY: I used hybrid.

Q. You played with Miguel yesterday. What do you think it's going to take to catch up to him tomorrow?

JERRY KELLY: Shoot a lower score than him. He's bombing it out there right now. He's going to be tough to catch because he's giving himself a lot of chances and gets all the par 5s. I've got to hit fairways and I've got to hit great irons and I've got to make the putt.

Q. You had some interesting saves down the stretch yesterday.

JERRY KELLY: Yeah.

Q. Can you kind of give us a little bit of a review of those?

JERRY KELLY: Grandstand, bogey. Cart path, birdie. Bunker shot to a foot, made par on the last hole. It was pretty good.

Q. And without that you're probably not in this position today?

JERRY KELLY: No, I wouldn't be, I wouldn't be. And it was a good one on the 18th. I was in a divot right in front, so it was a really good shot.
