

KIRADECH APHIBARNRAT (-1)

---

**Q. Congratulations on your ace. This is your third in your career?**

**KIRADECH APHIBARNRAT:** I guess it's like my first one in a golf tournament. I've done it before when I was like junior golf and National Team one time for sure. Yeah, I get like two or three.

**Q. Could you talk through the shot, kind of what club you hit and what the plan was on the hole?**

**KIRADECH APHIBARNRAT:** Yeah, so I have like 189 to the hole. The wind was a little bit into from the right. So I'm talking to my caddie, I really need to hit like high 190, so 95 at least. Hit a solid shot, a little bit right of the hole. I know the slope will be right to left, but not expect to seeing that, you know. Not expect to seeing ace, but the way I'm starting on the first two holes with 3 over, I was trying to bring something back. Hopefully put that one inside three or five feet so I can just make one there.

**Q. And you said your last one was in junior golf?**

**KIRADECH APHIBARNRAT:** Yeah, I would say my last one probably around almost 17 years ago. Believe it or not, I have less than my dad. I've been hitting a lot of solid golf shot, but this is my first hole in one in a golf tournament.

**Q. And you said (inaudible)?**

**KIRADECH APHIBARNRAT:** I guess it's my second one if I am not wrong. Definitely the first one from when I play the National Team back in Thailand and this is the first hole-in-one as a pro.

**Q. And how many does your dad have?**

**KIRADECH APHIBARNRAT:** Four. So I got two more to beat him.

**Q. And then what's like the feeling when it goes? Do you feel like a little kid in a way?**

**KIRADECH APHIBARNRAT:** Well, I hope that I do better before I get hole-in-one so the feeling would be much better. I started the day with 3 over after the first two holes, I'm kind of messing up with my results and that hole-in-one really bring me back in game.
