**AUGUSTO NUÑEZ ( -20)**

---

**Q. Ten under today, Gusto, what was working best for you to have such a low round?**

**INTERPRETER:** He said he's feeling comfortable all week, he's been hitting it good off the tee. He said the putting's cooperating now, but still he left a little out there, so he's just enjoying it right now.

**Q. Tour bound, he made the cut to go Tour bound. Well, basically to go Tour bound, he needs top-54. Can you discuss what that means and how he's at the top of the leaderboard?**

**INTERPRETER:** He said happy, he's enjoying it, it's a dream come true, but still there's still some left. So he's just trying to enjoy it now and just play as good as he can.

**Q. He only needs a T-54. Is he comfortable playing this weekend?**

**INTERPRETER:** He said he's not thinking about a T-50, he's thinking about winning. He said he's playing good enough to be top of the leaderboard, so he thinks he's looking forward to that, looking forward to tomorrow.

**Q. There's been a lot of birdies out there this whole tournament. Do you feel like there's enough left out there tomorrow that you can post another really good score?**

**INTERPRETER:** He said he believes there's some out there, course is cooperating, it's short and he's just going to focus on his routine and hitting his spots and just enjoy the game of golf that he's been playing.

**Q. Three straight top-10 finishes and then now high up the leaderboard, are you playing your best golf in your professional career right now?**

**INTERPRETER:** He said yeah, he's playing good. He's been hitting it well and just enjoying it, not really thinking too much, just focusing on his routine and just try to keep it going, enjoy the ride.
