

**BYEONG HUN AN (-10)**

---

**Q. Four under today, 10 under heading into the weekend. How ya feeling?**

**BYEONG HUN AN:** Pretty solid. It was a grind out there. Didn't hit it as solid as yesterday, but very happy with 4 under today. I definitely played the par 5s very well, had a few birdie chances here and there. I think it was a little tougher with the greens a bit firmer, it's harder to hit it closer. The greens got a little bumpier, so that's why I wasn't making as many putts as yesterday, but 4 under, I'm still very happy.

**Q. Touched upon the par 5s. Walk me through the eagle on No. 9.**

**BYEONG HUN AN:** Yeah, so I hit a good drive down the fairway and then hit a -- it was right between clubs either 5 or 4 and decided to hit a 4. The wind was blowing pretty strong. And I left myself in a perfect spot where I wanted and then had a fairly easy chip and it went in.

**Q. Anything you're looking to fine tune heading into the weekend?**

**BYEONG HUN AN:** No. I know I'm playing pretty solid right now. Hopefully, you know, my short game's still there this weekend and I make some putts. You do have to do everything really well out here, so yeah, I'm just looking forward to the weekend.

**Q. Tomorrow's the birthday. Anything special going on? Looking for a good round?**

**BYEONG HUN AN:** Before coming here we were going to book something, but it's golf, you never know what's going to happen. If you miss a cut, I was going to fly back tomorrow, but since I'm here, I don't know if my wife will have something. I don't really have anything going on. We're still at the tournament, I don't really want to go out and celebrate a dinner, but we'll definitely have one when I go back home to Orlando, that's for sure. We'll see. It will be nice if I have a good round tomorrow.

**Q. Random question kind of relating to the birthday, but any birthday stand out in particular or any other favorite gift you've gotten on your birthday?**

**BYEONG HUN AN:** Nothing really stands out, but I love to -- I was fortunate enough to spend time with my wife last couple years on my birthday. This week, you know, this year and last year was at Sanderson Farms and a few years ago it was in Korea and I was able to spend time with her. It's always nice to spend time with your family, definitely. This week my son's with my mom thankfully, so my wife was able to come all the way here and stay with me for my birthday. That's all you need, right? Dinner with your wife, your family. I'm just

glad that she's here.

**Q. Is she getting to go out and explore some of the Napa wineries?**

**BYEONG HUN AN:** She's pregnant, yeah, so she can't. Three years ago, that was the last time I played here and she was pregnant back then. She loves wine and now she's pregnant again, so we've not been drinking.

**Q. When's the due date again?**

**BYEONG HUN AN:** It's in March. Unfortunately for her, no wine for her. We've still been enjoying it.

**(Questions in Korean.)**

**Q. Switching you back to English, that last one about the training, how did that come about?**

**BYEONG HUN AN:** It was during the offseason last year with my trainer. He lives in Orlando, he has a punching bag at his house and we're like, let's do a few days on the cardio. I don't like running that much, the bike is kind of boring, so we're like what can we do with it. As long as I don't hurt myself, I guess, punching the bag, why not just punch the bag. We're not working out, so let's try that.

I've been liking it and only do it for like 30 minutes a day, but it gets me going, I guess, get my body flowing and the blood flowing in my body. So I don't know what helps, I don't know what it does really, but at least I can say, yeah, I've tried it, I tried to improve my cardio. I feel better about it. I don't know, I'm not losing much weight, but just maybe there's a help.

**Q. Obviously good fitness, but it's also a good stress reliever?**

**BYEONG HUN AN:** It does, it does. I think that helps mostly, I think, with the stress relief. But you're at home, I don't get much stress at home. I only sometimes get it on the golf course. At home, yeah, it's a great stress reliever for some people, but for me I just enjoy it I guess a little bit. Sweat it out in the morning and I feel like I've done the work, that's the main reason I do it. I don't do it for like, I don't know, trying to get stronger or anything. Just cardio work that I do and I've been liking it, I guess.
