

SAHITH THEEGALA (-12)

Q. Just talk about the week, the finish here, another top-10 here from a few weeks ago. What does this all mean for you?

SAHITH THEEGALA: Yeah, it's just really cool to see like how far my game has come. I played really well this week after the first round, but just felt like I had a lot of stuff not really go my way this week, but like still just scored it really well. It's cool to see like even when I don't have everything clicking, can still put together a really good week, because this is obviously a really good week. Yeah, really proud of the last three rounds. It's really good momentum going forward, too. It just like keeps me like kind of knowing that I'm going about the process the right way.

Q. And talk about momentum next week, you go back to the CJ CUP. Something to look forward to?

SAHITH THEEGALA: Oh, so excited. These limited field events, you can't beat them. I mean, it's top 78 players, and knowing that you kind of don't have a cut to worry about, even if you say you don't worry about the cut, knowing you have four days to play is a game changer. Definitely frees you up to kind of play I don't want to say more of your game, but just there's just a little freer feeling knowing there's nothing to lose. You kind of earned your way into the events, come and enjoy the event for what it is and see it as another great opportunity. So I'm very excited.

Q. Still a few more events for you for the remainder of the year, I believe.

SAHITH THEEGALA: Yeah, playing CJ and Houston for sure. I'm not sure about RSM. Definitely taking a couple weeks off.

Q. Have you set like any mini goals to try to achieve before you wrap up the year?

SAHITH THEEGALA: No. I actually, I think I'm going to be playing the QBE, which is really cool, so I'm really excited for that. No, no goals, just kind of the same thing, just keep getting better and enjoying it all. Get to go to cool places like this in Japan. This is an awesome week and I can't wait to be back, honestly.
