

ROUND 1 INTERVIEW
20 October 2022

SEAMUS POWER (-4)

Q. A great first round today to start you off in the tournament, Seamus. Just your thoughts on the day?

SEAMUS POWER: Yeah, it wasn't bad. It was kind of a funny round, I played nicely on the front and not so great on the back and ended up with the same score either way. So a few things to kind of tidy up, but yeah, overall not a bad start, get myself right in the tournament.

Q. At this point in the year, obviously kind of a weird time in the season, how does your game feel right now and how do you feel in general about playing this time of year?

SEAMUS POWER: Yeah, it actually feels in good shape. I played a couple, Jackson and Vegas, and then had last week off. It feels good. I'm going to have a nice little stretch coming up, nice to get off on a good note here.

Q. Missed the cut the first week, but wondering if you have more clarity about your schedule for next year with regard to DP World Tour membership and what events you might be looking at viewing ahead for Ryder Cup?

SEAMUS POWER: Sorry, one more time?

Q. Have you gotten any more clarity about your schedule for next year with regard to DP World Tour membership?

SEAMUS POWER: I haven't really looked. Just with the announcement yesterday kind of changed things for the spring, that's what we were kind of all waiting for to put it together, so I kind of got to sit down next time I have a week off and go from there.

Q. And at that point will you just kind of put into view for Ryder Cup on the horizon?

SEAMUS POWER: Yeah, a couple people I've kind of got to give a call to over the next -- so much was up in the air with wondering what was going to happen with some of these events, so now there's a bit of clarity there. I think I'll figure out a bit more a better schedule and see what I can do.

Q. I just want to ask about the eagle on 12. What did you see on that hole?

SEAMUS POWER: Actually, I hit a great tee shot, but it was weird. It was right down the middle but it was kind of blocked out by trees, so I hit like a little low hook and just grabbed

the front of the bunker and then obviously I holed the bunker shot. It was obviously a bonus, but I hit a very nice shot and was delighted when I saw it drop. Yeah, nice to pick up a couple.
