

ROUND 2 INTERVIEW
21 October 2022

SEAMUS POWER (-6)

Q. Seamus, backing up a 4 under yesterday with a 2 under today, not the best start to the back nine, but you got it done with a good round today. Just walk us through it.

SEAMUS POWER: Yeah, again I kind of (indiscernible) again and it was funny how it happened, I probably had five or six feet for birdie on nine and just missed and then a couple of poor shots in a row and dropped all the way back, but it was nice to get one there at the last, kind of makes you feel better.

Q. And when you go through a stretch like that when you are playing good golf, how do you keep your mental in check?

SEAMUS POWER: Yeah, that's always a challenge in golf. You're trying to just stay in the present, trying to do all the cliché things and take the next shot, but you do actually have to do that, especially when you go through a rough stretch like that. Just you feel the momentum is against you, so you kind of just want to go back to square one, go back to the simple things and see if you can just get it going again.

Q. And put yourself in great position for the weekend. If the conditions hold up like this and the wind stays down, do you feel like you have a chance to go out there and shoot a low number?

SEAMUS POWER: Yeah, I do. I'm putting well and I really like the greens here, so you know you've got a chance. Hopefully nobody gets too far away or anything like that, but I feel very comfortable on the course, so hopefully some more good stuff tomorrow.
