

**ROUND 2 INTERVIEW**  
**November 11, 2022**

**TYSON ALEXANDER (-8)**

---

**Q. Tyson, how would you assess the round today?**

**TYSON ALEXANDER:** It was a little harder than yesterday. I didn't hit many fairways, so I was scrambling sometimes out of the rough. Yeah, drive it better tomorrow and I'll be all set.

**Q. You finished up your first round this morning. How'd that kind of -- get your day kind of started heading to the second round?**

**TYSON ALEXANDER:** Yeah, I mean, I was in the rough on the last hole, so I hit four more shots. Nothing too crazy, just warmed up a little earlier than usual.

**Q. Where do you feel like your game is kind of as we're kind of late in November trying to -- you know, obviously trying to get in good position obviously on the new FedExCup points list, how do you kind of think your game is right now?**

**TYSON ALEXANDER:** I think it's trending. I played pretty good in Bermuda for three days. The last day I didn't play very well. I didn't putt there good all week, to be honest. So tee to green I feel like it's been trending. Mexico, I was first alternate all week so I didn't get to play there. Yeah, I was just excited to be in the event and get to tee it up.

**Q. Long journey in your career. How would you kind of characterize where you kind of started and where you kind of are now and where you're hopefully going?**

**TYSON ALEXANDER:** Yeah, I don't think we have enough time for all that. Yeah, it's been a long road. I'm not a young kid fresh out of college. I've been playing this game for a long time, lot of ups and downs, but I think that's everybody in this game. If you talk to the highest guys in the game, they've had highs and lows and you've just got to battle through and persevere and I'm pretty proud of myself for doing that.

**Q. What have you learned over your career that's helped you get to where you are now and hopefully will help you continue in the right direction where you want to go?**

**TYSON ALEXANDER:** I've learned that I'm good enough and I've just got to just make myself better in the smallest amounts. You don't have to make these big jumps. I thought playing mini tours and playing on Korn Ferry, sometimes I thought that I was really far away, but my good is good and if I just focus on myself and getting a little better each time, then I'll be fine.
