

## THE BAHAMAS GREAT ABACO CLASSIC AT THE ABACO CLUB

**ROUND 2 INTERVIEW**  
**January 23, 2023**

**CHASE SEIFFERT (-8)**

---

**Q. Great round, bogey free.**

**CHASE SEIFFERT:** Thank you.

**Q. Couple good days in a row here. With this wind, I imagine you feel pretty good about those rounds?**

**CHASE SEIFFERT:** Yeah, my game feels really good. I had a nice week last week, built a lot of confidence coming out of the new year and transported it this week and game feels good. I love the golf course, it looks good to my eye and happy with where I'm started at.

**Q. When you played out here, and you've been to Abaco when you were playing the Korn Ferry Tour.**

**CHASE SEIFFERT:** I played here once, it would have been I think 2018, but it was crazy windy that year. So kind of a different golf course this year coming back and having just a light breeze. I just love this place, it's got a good feel to it.

**Q. What about like what's it like being back here, is it everything you kind of remember from five years ago and just how cool this place is?**

**CHASE SEIFFERT:** It is, it's exactly how I remember it. Our setup here is so good, the golf course is great, the host course is phenomenal. My wife came down so she could hang out and watch a little bit of golf, lay by the beach a little bit as well. It's just a great place. It's hard to not be in a good mood.

**Q. After like Q-School, being there for the first time coming back, how have you looked at -- you're back full time on the Korn Ferry Tour and obviously still having some good status as well to be able to play.**

**CHASE SEIFFERT:** Yeah, no, I'm excited, excited with how I finished there. That set me up to kind of plan my schedule out this year, but I wanted to come out and play well out of the gate. I had worked hard at home to do that and it's nice to come down here and put a bunch of good rounds together.

**Q. What was like the focus of the work at home that you're talking about there?**

**CHASE SEIFFERT:** Got a little bit of new equipment, but it's just kind of tidying up some of the things that had gotten loose towards the end of the year on the PGA TOUR last year. Cleaning up the driving a little bit, just making the most of my scoring opportunities. I've done that this week.
