

CHRISTIAAN BEZUIDENHOUT (+1)

Q. So today you had an incredibly large crowd following you for 18 holes. Have you ever experienced something like that and can you just describe what that felt like today?

CHRISTIAAN BEZUIDENHOUT: Yeah, been in front of large crowds before, but not 10,000 people that's only rooting for one guy in the group. It was a great experience. It was my first time playing with Tiger, I was really impressed about his game. I've seen him hit all kinds of shots today. His control on the golf course was really nice to see. Yeah, it was good to see him back on the Tour again and competing.

Q. And then yesterday kind of when the rounds were wrapping up and you were looking at where people were standing on the leaderboard, did you start to look at who you might be grouped with today and did you ever anticipate you might be playing with Tiger Woods today?

CHRISTIAAN BEZUIDENHOUT: Yeah, Matthias actually got off the course, he said -- he actually played behind me and he said, We might get lucky tomorrow.

Yeah, I mean, just it was a great experience. First time I've met him. Yeah, it's just nice to see him back, nice to see the people excited to see him again and it was a bonus for him to play well as well.

Q. And then last one, with the three of you out there, was there a lot of chatter out there or were you all kind of in the zone?

CHRISTIAAN BEZUIDENHOUT: There's a few chats. I think more between me and Matthias than anybody else. Tiger likes to do his thing, but yeah, he was super friendly and super nice on the golf course and it was a great experience.

Q. Did you pick anything up kind of watching him play, watching him swing?

CHRISTIAAN BEZUIDENHOUT: Everybody knows his swing is really, really good. Not (inaudible) swings it the best he's ever swung it his whole life, he's got so much control over the golf ball from driver down to short game, so I was impressed to see somebody who hasn't played in seven, eight months and to see him out there on the golf course hitting those shots. Yeah, it's really good to see.

Q. Did you feel like you kind of got something from just the atmosphere, the experience you can take from, grow from in the future?

CHRISTIAAN BEZUIDENHOUT: Yeah, I mean, it was obviously first tee, a lot of nerves, you never know what to expect, but as soon as we teed off everybody got calm. Yeah, it was a super relaxed day, super nice day out there.
