

MEXICO OPEN AT VIDANTA

ROUND 2 INTERVIEW
April 28, 2023

WILL GORDON (-9)

Q. Iron play today, I have you down for just two missed greens. You gave yourself a lot of looks at birdie.

WILL GORDON: Yeah, I drove it well. I think getting the ball in play in the short grass here helps with these green contours, so gave myself some looks and putted really nicely for most of the day. I didn't get anything to drop the last five or six holes, but hit some really good putts and overall pleased.

Q. Like I said, 16 of 18 greens, eight of 13 fairways. The number I like, five of six when missing the green on the week.

WILL GORDON: Yeah, I think I've had good control of my ball. I know the greens, so I've left it in some good spots and left the ball below the hole to get up and down. So I think I've done a really nice job of managing the golf course so far and playing to my strengths, so hopefully do that the next two days.
