

**ROUND 3 INTERVIEW**  
**June 11, 2023**

**STEVE STRICKER (-18)**

---

**Q. This is your tournament and you are now the champion. How's that feel?**

**STEVE STRICKER:** I'll tell you what, that was a hard day. I wanted to win this one right here in our own backyard. We started this tournament, we get so much fan support, player support. Gotten in my own way over the years, but today I was kind of determined to get it done.

**Q. Hang in there, brother. Think of what you guys have done for this community, and to be able to show your appreciation by winning the golf tournament.**

**STEVE STRICKER:** Yeah, and you know what, it's not about the golf, this week's all about charity and giving back to our community. We raise two-and-a-half million dollars each time we put this thing on and it's all because of our sponsors. And American Family Insurance, what a wonderful title sponsor. And then all the other corporate sponsors that come out and show up, and the fans. We have so much support here, 900-plus volunteers, it's never ending. And the players feel very welcome here and they're excited to come here and play, and fans show up and show their appreciation as well.

**Q. How about today? All the people came out in the cold and the wind, probably the toughest day you guys are going to see this year.**

**STEVE STRICKER:** Yeah, it was tough right out of the chute. We had a 30-degree change, 80-something down into the 50s. It was a challenge today and I'm just glad I got it done.

**Q. How do you celebrate?**

**STEVE STRICKER:** I don't know, have some people over at the house probably. I'm glad this day's over to tell you the truth.
