

ROUND 1 QUICK QUOTE
July 27, 2023

TYLER DUNCAN (-7)

Q. Just some comments, always nice to be bogey free, especially for your opening round.

TYLER DUNCAN: Yeah. I mean, anytime you can go bogey free, it's awesome. Out there I wasn't really thinking about that too much, just trying to really commit to my targets and process this week and it worked out for me today.

Q. It's been a bit of a rough stretch for you the last couple of months. What did you find out there today?

TYLER DUNCAN: You know, I had last week off, which was nice. Go back, kind of recharge. I showed some signs the few weeks before and just didn't really close the weekends out. Just trying to really focus on the commitment part of it this week, committing to targets and numbers and that kind of stuff. Today I was able to do it.

Q. What about this golf course brings out the best in your game?

TYLER DUNCAN: You know, you have a lot of scoring opportunities, and the tougher holes, if you drive it in the fairway, it's an advantage to be able to control the ball on the tougher holes. Today I drove it well and was able to take advantage of hitting a lot of fairways.

Q. How did you handle the heat?

TYLER DUNCAN: I was good, I feel good right now. I'm definitely going to have a really short practice session here with it only getting hotter. Just enjoy the afternoon off.

Q. And what was the best shot you hit today?

TYLER DUNCAN: Probably that shot into 18. I pushed it a little bit kind of off of that downslope and got all the way over there to the pin, which was nice. It's never a comfortable shot there on 18 just staring at the water all the way across. That felt nice to be able to hit that there and finish up with a tap-in birdie.
