

**ROUND 3 QUICK QUOTES**  
September 16, 2023

**MAX HOMA (-10)**

---

**Q. Max, obviously get off to a hot start, five in your first seven, and then seemed like you maybe battled it a bit coming down the stretch. Just kind of assess how things went out there.**

**MAX HOMA:** Yeah, just frustrating. I played awesome all day, just bad decision on 8, just playing like I'm a college golfer, make bogey, and then 9, was reeling off the decision on 8. Then hit it good the rest of the back nine. Just hit it in a funny spot on 13 again, then didn't capitalize on anything I did good the rest of the way in. Just one of those back nines. Frustrating because I had it today and did nothing with it. Live to see another day.

**Q. Going to be maybe five or so back heading into tomorrow. Does that still feel attainable?**

**MAX HOMA:** I mean, I probably have to shoot 10 under, so no. But good reason I'm here is kind of to get ready for two weeks from now. Game's starting to feel really good, which is nice. The little decisions are -- bad decisions are frustrating and the little things are annoying, but all the big stuff feels really good, which that's, that's a big bonus as to one of the things I was hoping to accomplish this week. So that's good.

But winning the golf tournament is starting to feel a little bit fleeting. Should be a good event. Hopefully I can maybe make some noise, but yeah, I messed up the back nine too much to feel confident about chasing anybody down.
