

**ROUND 3 QUICK QUOTES**  
**October 22, 2023**

**SCOTT McCARRON (-9)**

---

**Q. All right, Scott, just first playoff event, obviously the right time to kind of get your game all in kind of the right form where you want it to be heading into -- going into Phoenix.**

**SCOTT McCARRON:** Well, it is. It's been a long time. I haven't played that well for a long time. I think I only had one top-10 this year and I only had one last year. I went back to my old teacher, E.A. Tischler, just a couple weeks ago, and I started working with a guy named Dr. Izzy Justice, and both those really made a difference.

I felt good out there today. Tell you what, it's a lot more fun having a chance to win than finishing 65th. It was great. Those old feelings that I had, that I used to have quite a bit, it was good to feel those feelings again. I want more of it, I'm sorry it's now the end of the season. At least I played well at the start of the Playoffs and hopefully it can continue.

**Q. Yeah, just headed into Boca, does this give you a boost of confidence?**

**SCOTT McCARRON:** Absolutely. Anytime you play well it gives you a boost of confidence. That's a golf course, Broken Sound, that I won at before. Even though they've changed it, I'm looking forward to getting down there. This is also a golf course that I love, so I'm happy with the finish.
