

ROUND 2 QUICK QUOTES
20 October 2023

SATOSHI KODAIRA

Q. What worked well for you in these conditions?

SATOSHI KODAIRA: I think the most important thing is I was able to keep calm throughout the round and I think that worked out for me very well.

Q. What was important for you to do with the winds being so strong game-wise?

SATOSHI KODAIRA: My main focus was just to make sure that I kept my pace the same, my swing the same. Nothing too specific concerning the wind, but just again keeping the rhythm the same and just playing like yesterday.

Q. What was the biggest club difference in some of the shots that you had to hit in the wind?

SATOSHI KODAIRA: So for my club choices, obviously I didn't want to get too greedy with the wind, trying to gain enough distance when I could, but again, just not to be greedy, just keep my cool throughout the round.

Q. A good week here can potentially help you get into the top 135 of the FedExCup, get your PGA TOUR card. Is this something that's very important to you right now for this week?

SATOSHI KODAIRA: I want to take this opportunity and do the best I can. Obviously I was fortunate enough to get an opportunity from ZOZO to play this week and obviously I'm not able to be here by ranking, so I'm very grateful to be here this week. Obviously I want to gain as many points as I can and hopefully that will help me for the next season.
