

ROUND 1 QUICK QUOTES
September 14, 2023

HARRY HALL (-6)

Q. Solid opening round. What did you like about it after a couple weeks kind of break?

HARRY HALL: I controlled my ball really well today, that's something that I struggled with all season. Just to know where the ball was going and then be on the green sooner than I have done before, made a few putts, that's really nice. Yeah, hopefully I can do that the next few days.

Q. What were some of the things you were kind of working on since the last time we've seen you?

HARRY HALL: Just adding some shots into the toolbox that I didn't have in the season and just moving my ball better and getting a little bit stronger so that I can, you know, be a little bit more repeatable with my swing. That definitely paid off today.

Q. And some course rerouting here. How helpful now that this will be your second go 'round on a lot of these courses?

HARRY HALL: Yeah, really helpful. Just even this week I didn't really have to work that hard Monday to Wednesday. With one tournament here under my belt, I kind of knew where to hit it, where not to hit it and that freed me up to kind of relax Monday to Wednesday and take it easy and keep myself fresh. It definitely paid off.

Q. Are you personally a goal setter? Were there certain goals heading into the FedExCup fall that you were setting?

HARRY HALL: Not really. I think I'm, you know, in a comfortable spot in the FedExCup. I didn't finish the season that well, but I'm going to use this fall just to get a little bit better. Hopefully I can continue some golf like I played today.
