

**ROUND 4 QUOTES**  
**January 27, 2024**

**NATE LASHLEY (-11)**

---

**Q. Strong finish looked like was the key to that round, but you must have done a lot of good things out there today.**

**NATE LASHLEY:** Yeah, I hit a lot of fairways, drove it really nice, had some nice iron shots, made a couple nice -- made one really nice long putt on 12 which really kind of kept my round going, kept me under par. Finished strong, yeah, just a solid round.

**Q. You mentioned in an earlier interview that you felt like this might have been your best round on the PGA TOUR. What's that make you feel like, because of the quality of the golf course, the difficulty?**

**NATE LASHLEY:** Yeah, I haven't played here in like six years. This golf course is extremely difficult, so I usually take it off. Yeah, just the difficulty of this course and shooting 5 under in the final round, tough pins, tough situation. I mean, it's not easy out here right now.

If you're not in that top-50 right now, points are huge. Getting into the top-50, they have such an advantage on points, it's -- in my opinion, it's ridiculous. I think it's horrible and a lot of guys aren't happy about it.

But yeah, you've got to have a lot of top finishes because keeping up with those guys that are in the elevated events is going to be extremely difficult.

**Q. You're in with 11 and when you finished there's only two guys ahead of you. What's the plan now? Are you going to hit some balls?**

**NATE LASHLEY:** Yeah, I'll just kind of see what happens here over the next couple holes with them and see if I need to stay loose. I don't know, if one of the guys pulls a couple shots out in front there, I don't know, somebody at 13 and 12, I guess we'll see what happens. Yeah, I'll be waiting around. I'm not going to wish bad on anybody, but you never know what can happen out here because the golf course is so difficult.
