

ROUND 2 QUOTES

EMILIANO GRILLO (-9)

Q. How would you kind of compare today to yesterday?

EMILIANO GRILLO: Well, Pebble, it's a bit more difficult than Spyglass, longer, harder and it was way softer, which is a horrible combination to play golf. I mean, we're hitting shots that, I mean, we had never hit. We're trying to hit 9-irons from 120 yards. It's a difficult golf out there. The chances I had I made it and when I had to two-putt or get up and down, I was able to. Just one sort of bad swing there on 7 that cost me my bogey, but it was good golfing overall.

Q. You're pleased with how you played today all in all?

EMILIANO GRILLO: Yeah. Like I said, it's like very soft and anything under par I would have taken it, for sure.

Q. What do you feel like you have to continue to do or do a little better this weekend to stay in contention and try to hold the trophy on Sunday?

EMILIANO GRILLO: Those little three-quarter shots with two extra clubs, just trying to take the spin off and give myself chances. Putted well yesterday and today, so I think as long as I keep the ball under the hole and giving myself chances, I'll be all right.

Q. Do you feel like with the weather report that's kind of been kicked around all week that patience this weekend could be the biggest key?

EMILIANO GRILLO: Yeah, I'm not sure. Obviously rain for tomorrow again, hope not so much wind. And then Sunday I think it's going to be a lot of coffee and watching TV from home. We'll see. Maybe, I don't know when they're going to say it, whether they're going to make us play as many holes as we can tomorrow, try to finish the tournament Monday. I honestly don't know. I know it's going to be not great on Sunday and not so much better on Monday, so we'll see.
