

ROUND 2 QUICK QUOTES
February 23, 2024

KEN DUKE (-4)

Q. Ken, welcome back to Morocco, another great round today. Were the conditions a factor? How does it feel to be back in Morocco, and takeaways from Round 2?

KEN DUKE: It's great to be back in Morocco. Obviously the golf course is totally different than what we played last year, a lot softer, but that rain made it even more. And the wind was gusty, it was very difficult out there. As you see the scores, some guys played well, but it was tough to survive out there.

Q. Anything mindset shift heading into conditions from last season playing? Everyone knows this course is difficult, but coming into this tournament, you got your win last year, mindset ahead --

KEN DUKE: No, it's just great to be here and be in contention, that's the main thing. You can't win it on the first day, second day, so you just have to be patient and hope you get in position and see where we end up tomorrow and hopefully have a good day.

Q. And what have you enjoyed about being back in Morocco?

KEN DUKE: Just beautiful weather. The sun's finally coming out, you know. The food's been great, the hotel's been great, the fans have been great. Glad to be back.
