

**ROUND 4 QUICK QUOTES**  
**March 10, 2024**

**VICTOR PEREZ ( -18)**

---

**Q. So, Victor, another great round, 65 today. Your impression after your round? That was very close at 18, but it's a pretty good result right now.**

**VICTOR PEREZ:** Yeah, obviously very happy. Very windy again today. Nice to play bogey free today as well. It's never easy. Even though the same condition, same wind, obviously we didn't play the ball down -- up today, we played the ball down, so it was a little bit more tricky with the chipping around the greens. Apart from that, I thought was a really good day. I was quite happy to put on a nice round. It might not be just enough, but quite happy.

**Q. What was your thought on hitting today to 18 tee?**

**VICTOR PEREZ:** Yeah, I didn't look at the leaderboard because I think when you start so far back like I did, I was seven shots back at the start of the day, there's no real need to look. You obviously need a good round, but you need every ounce of your round regardless. It's not like you can ever like do it the other way and feel like you can just make pars, I was too far back. So I didn't look, I was just trying to like obviously birdie the last hole and gave myself a nice chance with a left-to-right putt but it went straight, so it was just a par on the last.

**Q. This is going to be your best result of the season. What changed in your game to feel better here in Puerto Rico?**

**VICTOR PEREZ:** I think I've been just trending nicely. I think the last three weeks I've been better every week. I obviously missed a couple cuts to start the season, which wasn't ideal. I had some health issues at the start of the year and then I've been better the last three weeks, so it's a nice progression and I'm looking forward to playing in the Valspar in a couple weeks.

**Q. What's next for you after Valspar?**

**VICTOR PEREZ:** Valspar, and then the two tournaments in Texas.
