

**ROUND 4 QUICK QUOTES**  
April 7, 2024

**PETER KUEST (-6)**

---

**Q. Peter, good week overall. I know you're hoping the T-9 holds up. If I take you back to the Monday, not your first one and not the first one you've had success out of. Just a few months about the process of Monday qualifying and getting in and doing as well as you did this week.**

**PETER KUEST:** Yeah, just play two separate tournaments pretty much. It's pretty draining after a Monday grinding it out, especially playing two extra holes, but then you've just got to reset mentally and go out and put in the work and then go play.

**Q. Eight-shot difference between yesterday and today. What was the and how good does that feel to end on a good note like that?**

**PETER KUEST:** I kept the driver in play a little bit more. I hit a couple foul balls yesterday and hit it in some spots that made it tough to score. Yeah, just hit it in better spots today and scored a little better.

**Q. I know it's kind of a stupid question, obvious answer, but how much was top-10ing this week on your mind once you kind of found yourself in that position for Puntacana?**

**PETER KUEST:** It wasn't really on my mind. It was definitely something I wanted to do, but I was not really thinking about it. I just knew if I went out and played good golf, I would have a good chance at that. Now we just see what happens.

**Q. I remember you playing well last year at Byron Nelson. Is there something about Texas that you like the style of golf, like the windy conditions?**

**PETER KUEST:** Probably the taxes or something like that. No, I like Texas, I like coming down here, the fans are awesome. Yeah, it's a good state.
